July 17, 2017

Dear Ms. Heim:

Thank you very much for the special edition Canada 150 piece designed by your father, Mr. Steve Heim.

What a lovely piece to commemorate Canada 150 with! This year provides us with the opportunity to reflect on what our country means to us, and how we can work together to make it even better in the future. It is great to hear that most of your work supports industry and natural resources in British Columbia and Alberta, and that you work with local and Indigenous artists. It is businesses like this that make Canadians proud and successful. I truly appreciate the thoughtful gesture of this gift.

Thank you once again. I wish you and the team at Brenco Industries all the best!

Please accept my warmest regards.

Sincerely,

Ms. Vanessa Heim
